

## “Do Not Distribute To” List

Updated April 10, 2026

### BACKGROUND

Hilton may elect to remove its rates, content, and inventory from any channel that is believed to be engaging in any behavior that violates Hilton’s distribution criteria and have been identified as being harmful to our brands. These instances result in guest complaints, unnecessary disruption to normal hotel operations, and financial losses borne by Hilton hotels.

Entities that are found to violate Hilton’s distribution criteria will be placed on the “Do Not Distribute” list. Hilton’s partners and all affiliates are not authorized to distribute Hilton hotels’ rates and inventory to the entities on that list.
